SI INVENTORY SYSTEM SOP

Introduction:

This guide details all you need to know in operating and managing your section of the SI Inventory System codename **I-ventory**.

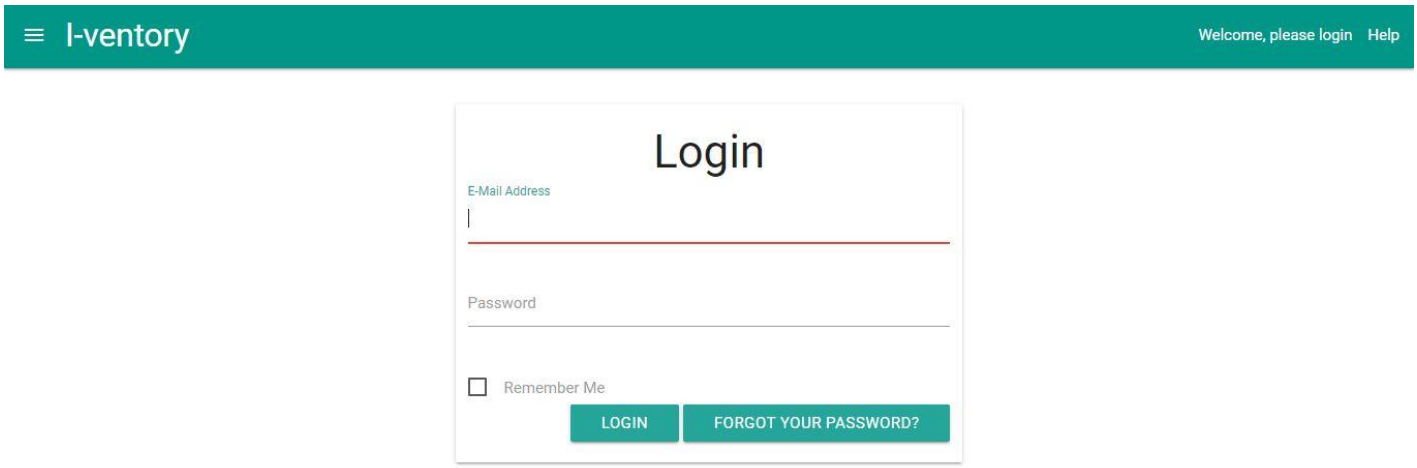
Note:

We are expected to keep our inventory records updated and with real-time status of all items – equipment and gadgets in our respective disposal.

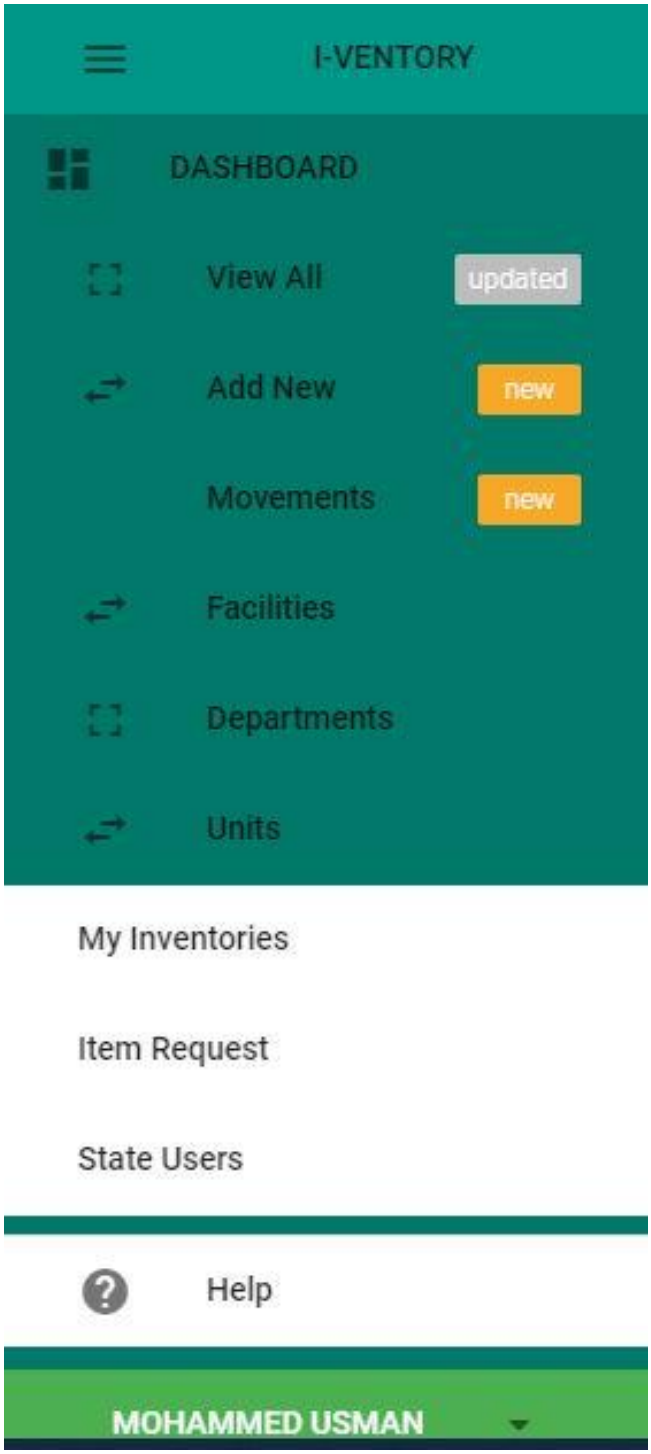
Step by Step Guide on Using the System

- Start by creating Departments, and Units in your various facilities and use the default ones in the system e.g. Strategic Information (department), Health Informatics (unit) – This task is reserved for the State Manager.
- Create Users so that the items can be assigned to them. – This task is reserved for the State Manager.

Use the login credentials shared with you to gain access to your dashboard (State or User).



THE LEFT MENU

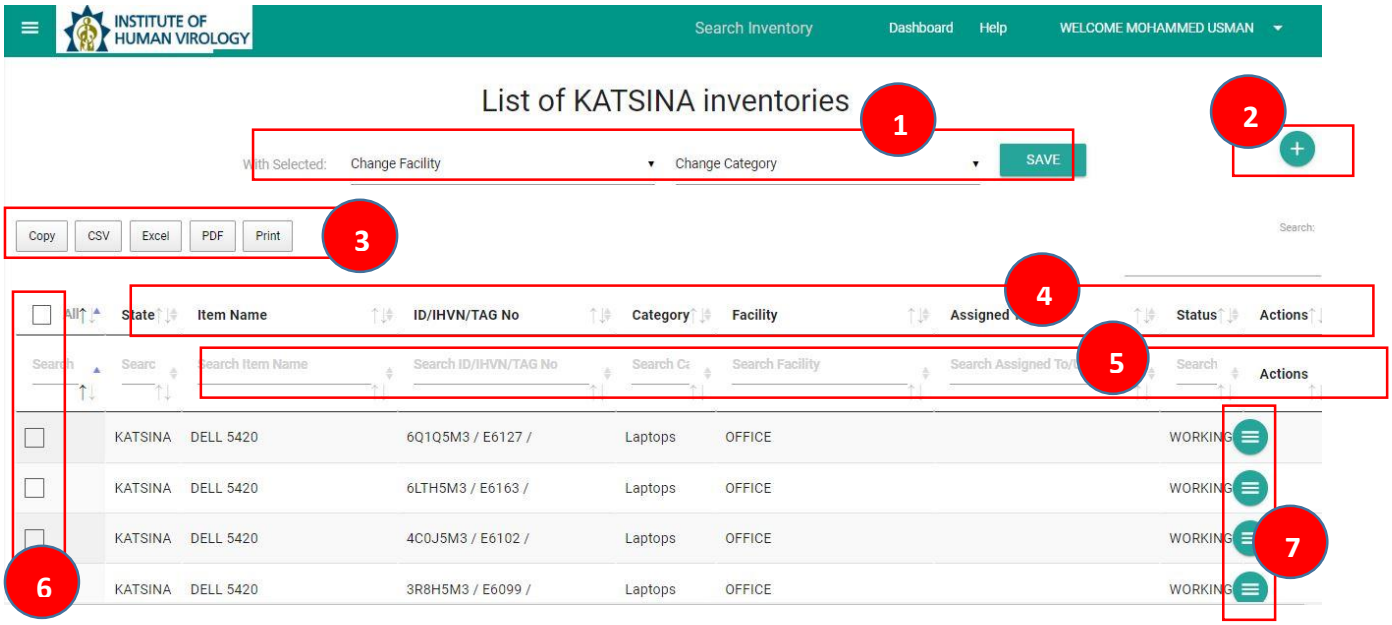


This is a list of Links that you can use to navigate through the system. Some of these items can only be seen by the State Manager.

VIEWING YOUR INVENTORY ITEMS

Access: All

The View All Menu Item opens the page below where you see all your inventory and can add or modify their status;



THE KEY

1. **THE BULK ITEM <u>CATEGORY</u> AND <u>FACILITY</u>**
   You can use the checkboxes on the left to select multiple records and assign them to a specific category or facility. This is important because in there is inconsistency on the name of facility and category names.
2. **THE ADD NEW ITEM BUTTON**
   This button appeared in almost all the pages to add a new item to the inventory, facility, user, unit etc.
3. **EXPORT BUTTONS**
   These buttons can be used to export to excel, pdf, csv the table that is currently on the screen
4. **THE SORTING BUTTONS**
   Click on any column name to sort it Ascending or Descending
5. **THE FILTERING AND QUERY ROW**
   Use this row to filter the records, for instance enter a **State e.g. Rivers** and a **Category e.g. Phones** in their respective columns to filter for all the Phones in Rivers State.
6. **ITEM SELECT**
   Click to select the item on the same row.
7. **ITEM ACTIONS MENU**

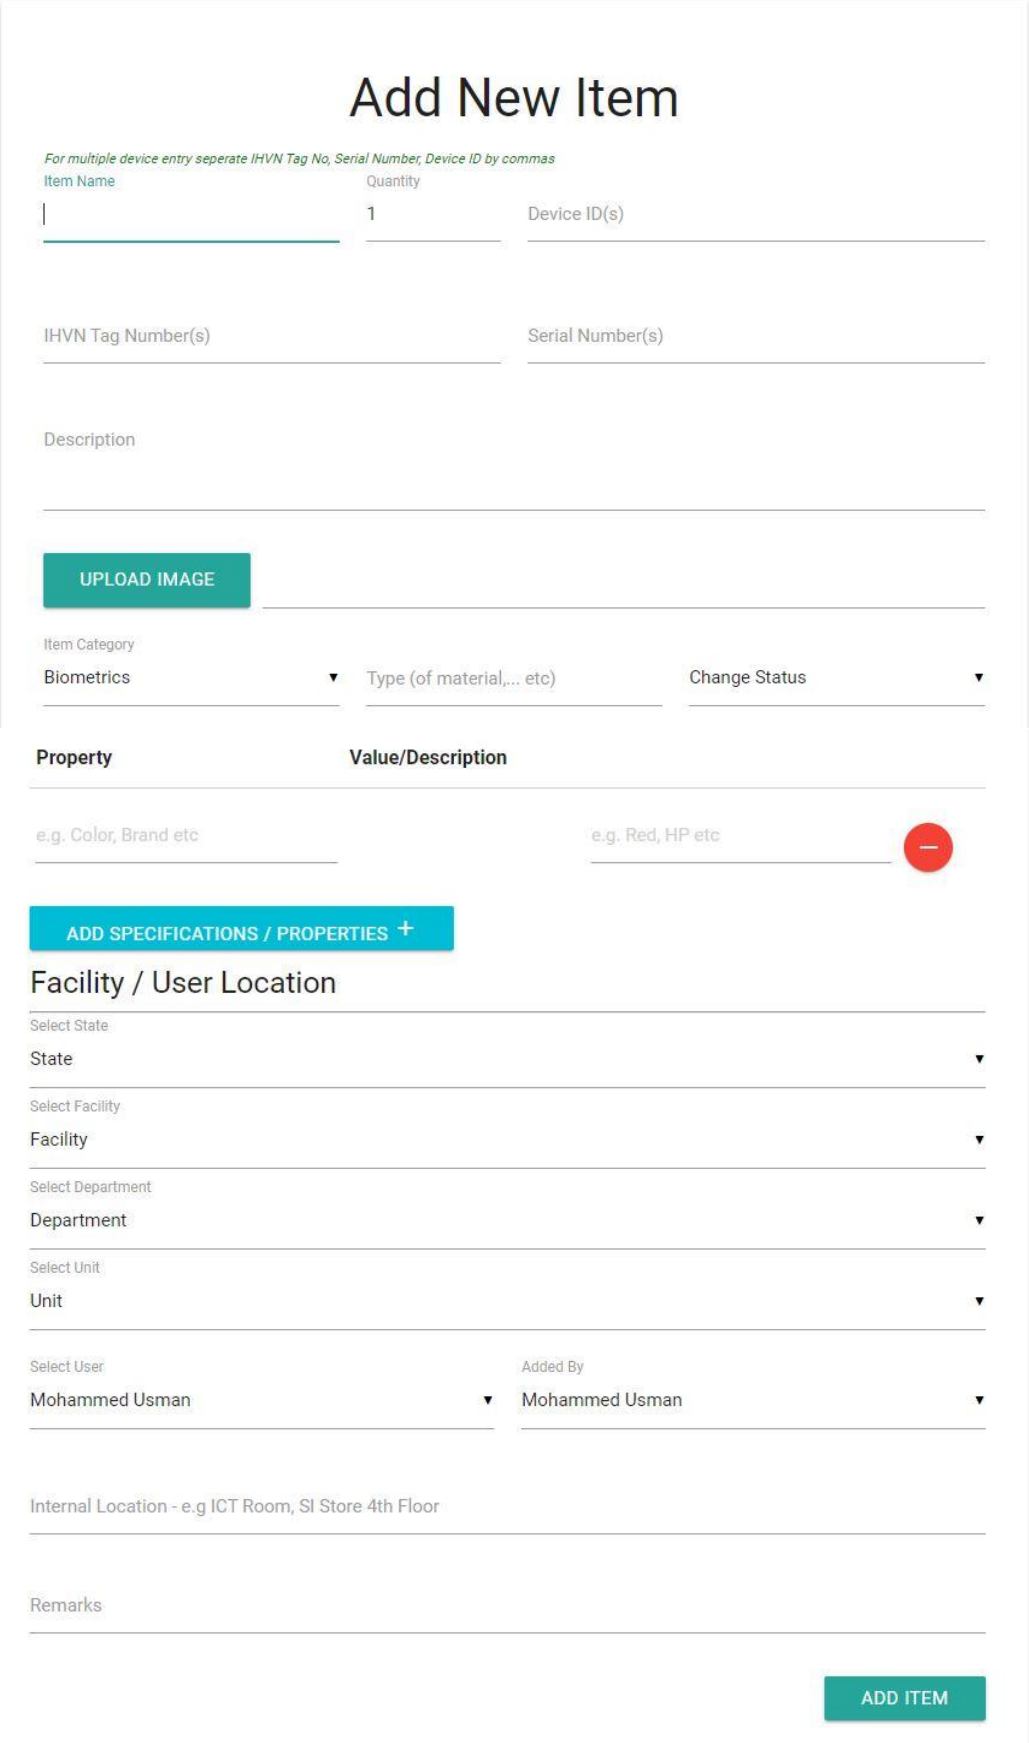
The list of items on the actions menu includes (from the left);

- Delete button (in red): To delete the highlighted item from the inventory,
- The View Item (the eye icon): To View a page dedicated for this particular item
- The Edit (The Pen Icon): To edit the selected item's record
- The Move/Transfer (The arrows): This button takes you to the movement and transfer page where you change the ownership or user of the item.

ADDING / EDITING NEW ITEMS

Access: All

Click on this icon on the **Inventories Page** to open the add inventory icon or on the Edit icon on the item's record to edit.



INSTRUCTIONS ON FILLING THE INVENTORY FORM

Access: All

The IHVN Tag number Field **must** be filled. For Items that has the tag number simply enter it here, for items that does not have the tag number, enter the item's serial number, device number or any unique number on the device like service tag, if no number is on the device simply enter serial numbers.

Note: you can use a single form to enter multiple devices at ones, simply indicate the quantity, then enter the unique numbers (device id, IHVN tag number, and Serial Numbers separated with commas).

Compulsory Fields:

- **IHVN Tag number**
- **Category**
- **Status**
- **User**
- **State**
- **Facility**

THE ITEM SPECIFICATIONS DETAILS BUTTON

Clicking on the ADD SPECIFICATIONS/PROPERTIES (long blue button) gives you a row of a Property and Descriptions where you are expected to add other unique specification for the item (s). e.g. Color, Height, Width, Ram Size, Hard Disk Size, etc.

Finally, click on the Save Button to add the item to the inventory.

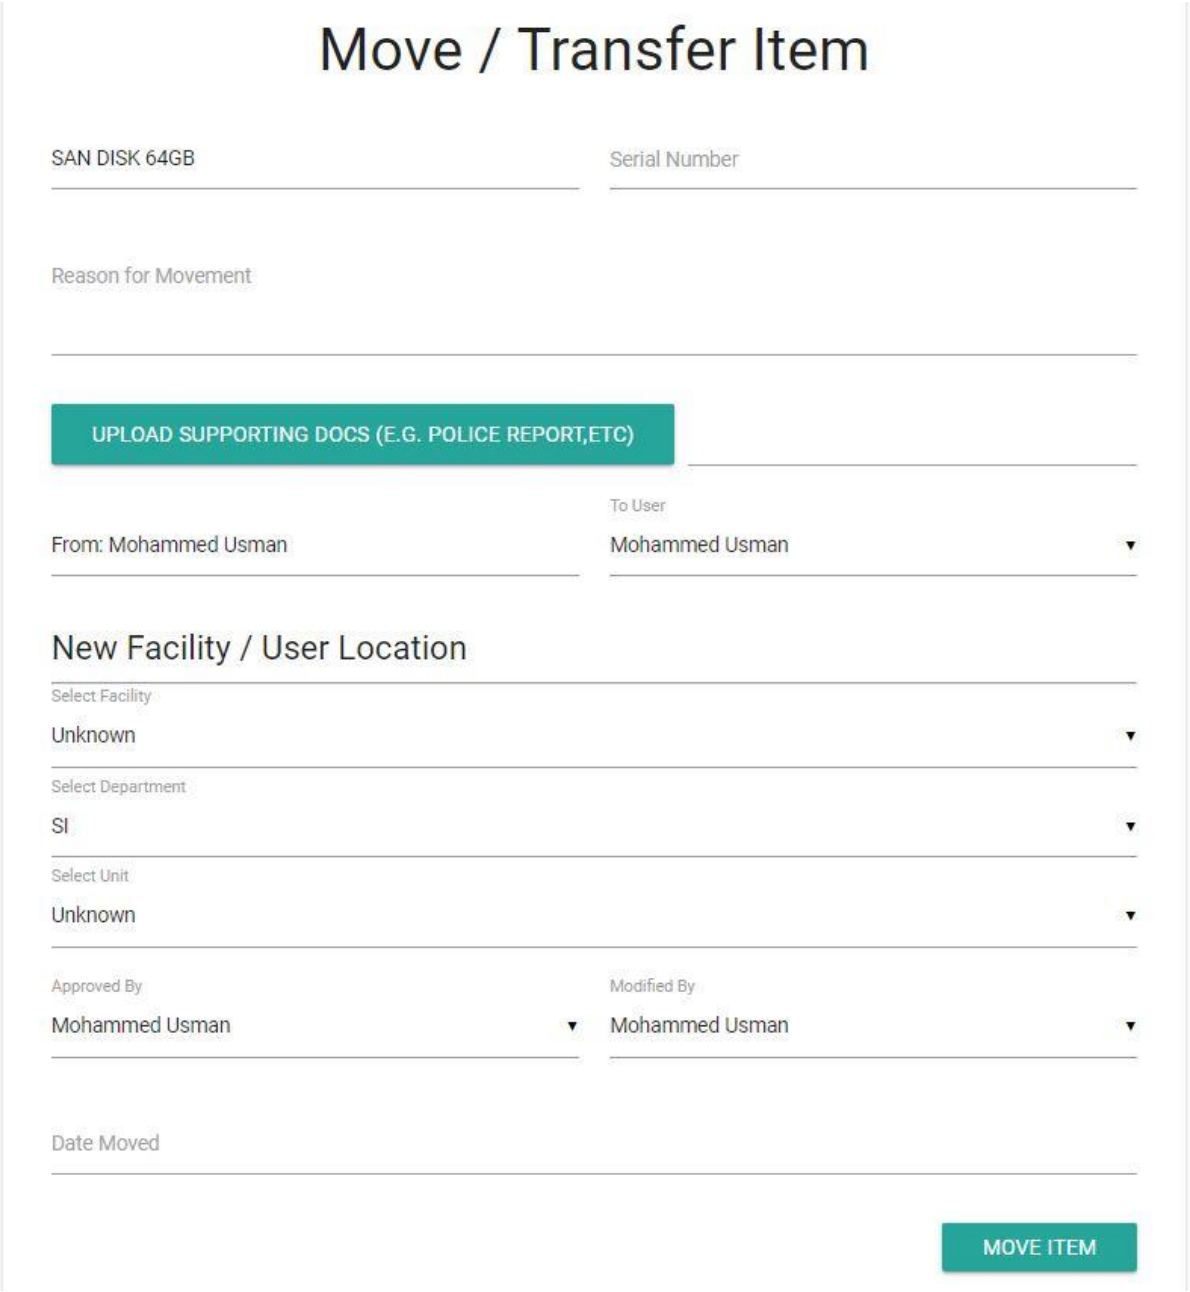
Note: Only the Admin can delete an item from the inventory, therefore you must double-check the entries before you save.

MOVING / TRANSFERING AN ITEM

Access: State Managers

You can transfer an item from one user or facility to another. Click on the Movement/Transfer icon on the items menu.

The Move/Transfer form displays thus;



Fill the form, identifying which user and or facility the item is being transferred or moved to.

Not, you can choose **Not Applicable** for items that is not bound to any User.

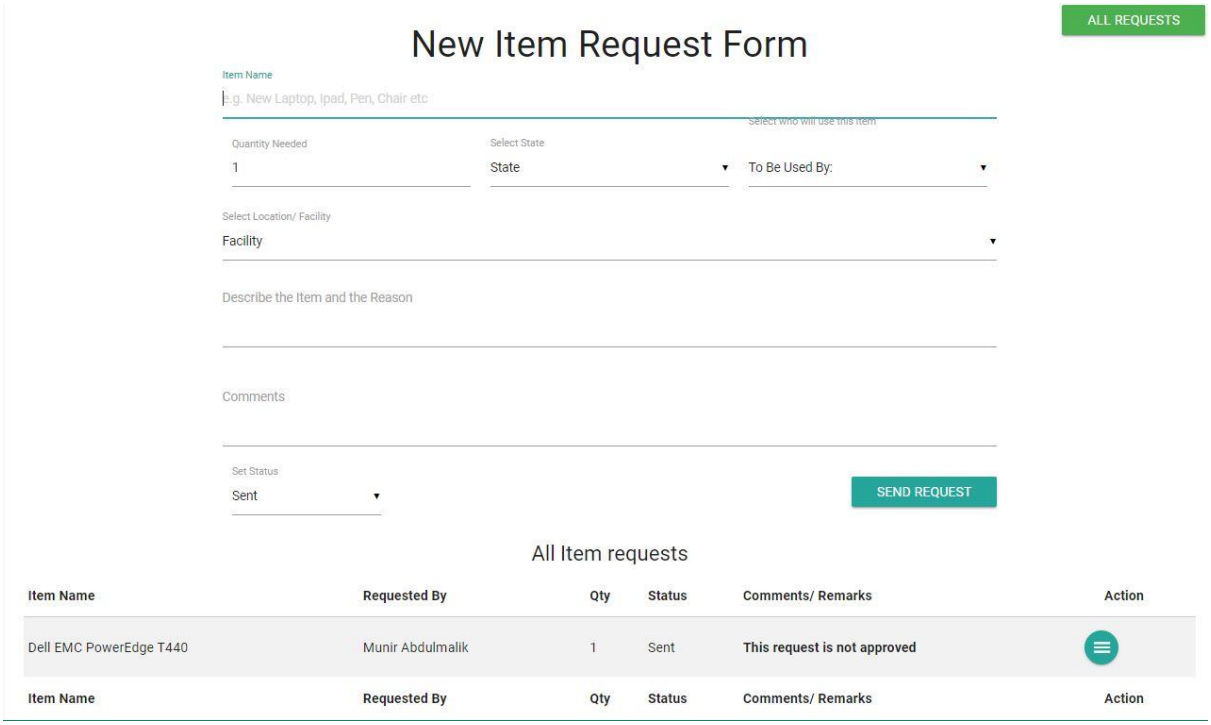
Upload supporting documents in case of lost/missing documents, such as this includes police report, delivery notes, checkout forms etc.

Click on the **Move Item** Button to save.

REQUESTING FOR NEW ITEMS

Access: State Manager

Click on the **Item Request** Link on the Left Menu to open the Item Requests Page which includes the request forms and list of your past request.



Fill the Forms to initiate a new request which you can monitor its status and approval.
